## **CLIENT SERVICE AGREEMENT**

**RISK WARNING:** Trading leveraged derivatives, such as Foreign Exchange (Forex) or Contracts for Difference (CFDs), carries a high level of risk to your capital. These products may not be suitable for all investors. Leverage magnifies both potential gains and losses, meaning that prices can move rapidly against you. You may incur losses exceeding your initial investment and could be required to deposit additional funds. Before investing in any financial product, you should carefully assess your investment objectives, trading knowledge and experience, and financial capacity. You should only trade Forex and CFDs if you fully understand the inherent risks involved and are using funds you can afford to lose entirely. If in any doubt, you should seek independent professional financial advice.

  - ii. releasing any person who gives a guarantee or indemnity in connection with any of the Client's obligations.
  - iii. by which a person becomes a Guarantor after the date of this guarantee and indemnity.

Any such adjustments will be effective as of a date reasonably determined by us.
- b) SBCFX will not make dividend payments if:
  - i. a Client is the Long Party for a Share CFD which goes ex-dividend, SBCFX will credit the Client's account with a cash adjustment to reflect the impact of the dividend on the Orders. The amount of the adjustment will depend on the amount of the gross dividend on the relevant number of Share CFDs on the ex-dividend date.
  - ii. a Client is the Short Party for a Share CFD which goes ex-dividend, SBCFX will debit the declared cash dividend from the Client's account. The amount of the adjustment will depend on the amount equal to the gross dividend on the relevant number of Share CFDs on the ex-dividend date.

Any such adjustments will be effective as of a date reasonably determined by us.
- e) If SBCFX determines that no adjustment can be made under this clause 7(e) which would produce a commercially reasonable result, SBCFX may close your Open Position at the Close-Out Value on a date reasonably determined by us.
- f) Where the Client is the Long Party for a Share CFD in relation to a US stock or security, and the Share CFD goes ex-dividend, SBCFX is required by US tax legislation to withhold 30% of the cash adjustment to reflect the impact of the declared dividend. SBCFX will remit the amount withheld to its liquidity provider who will account the withheld amounts to the proper US authorities. Clients can view amounts withheld for US tax legislation purposes from their account.

before the trading suspension or halt.

- b) If the suspension or halt continue for 5 Business Days, SBCFX at its discretion may Close-Out your part or all of your Positions. When this happens, SBCFX will decide the Close-Out date and the Close-Out value of your Contract in good faith (the Close-Out value will be the Underlying Asset price x the number of Contracts).

## 11. NEGATIVE BALANCE PROTECTION

The trading systems of SBCFX are designed with safeguards to protect clients from encountering negative balances when trading under normal market conditions. All clients are provided with margin monitoring functionality. This functionality monitors the level of collateral should it drop below 100% of the required margin. If it drops below 100%, the margin call mode will be triggered and maintained until the level of 50%. Should the margin level equal to, or drop below 50%, SBCFX will initiate the closing of current open positions, starting from the most unprofitable considering trading hours of instruments traded by the client. Positions will be closed automatically at the current market price. The clients can set personal limits for risk management purposes. Should a client incur a negative balance due to a “market gap”, the client should inform the SBCFX support team. SBCFX will evaluate the inquiry and at its discretion, may credit the client's account with the amount of the negative balance where the debit was during normal trading activity. This policy is available exclusively to SBCFX-approved Clients. Clients are expected to always maintain the appropriate levels of margin in the trading account as the recommended method of risk management.

NOTE: The provisions of this policy shall not apply to:

- a) Force Majeure Event understood as an act of God, war, terrorism, malicious damage, civil commotion, industrial acts, any exceptional market events, or acts and regulations of any governmental or supranational bodies or authorities which in the company's opinion prevent an orderly market in relation to Client's orders;
- b) in abnormal market conditions or exceptional market movements/volatility. Where the company determines, in its sole and absolute discretion, that the negative balance is unrelated to the client's trading activity (for example, where the debit relates to any fee or charges of the company);

- c) where the negative balance is connected to or a result of, either direct or indirect, breach of any provision by the client of the Client Service Agreement of the company or from the breach of the market rules, including but not limited to the laws of the client's country of origin, client's country of residence or any country.

**Negative balance accounts** – SBCFX is entitled to combine the balances of any other accounts you hold with us, including any Joint Accounts to affect any set-off of amounts owing between you and SBCFX, pursuant to our terms and conditions or otherwise, in each case in order to reduce or remove the relevant negative balance before effecting the negative balance protection provisions set out in this clause.
